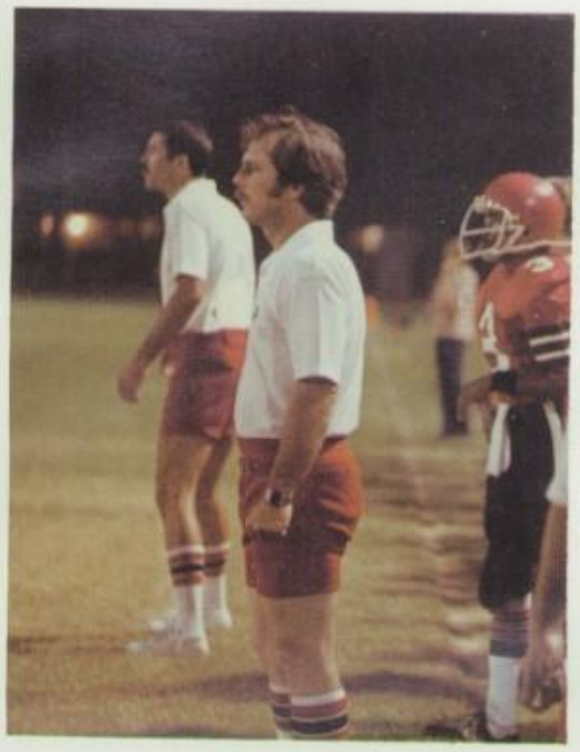
Friendly Smile..



As you walk on S.B.H.S. campus there are many people with friendly smiles.

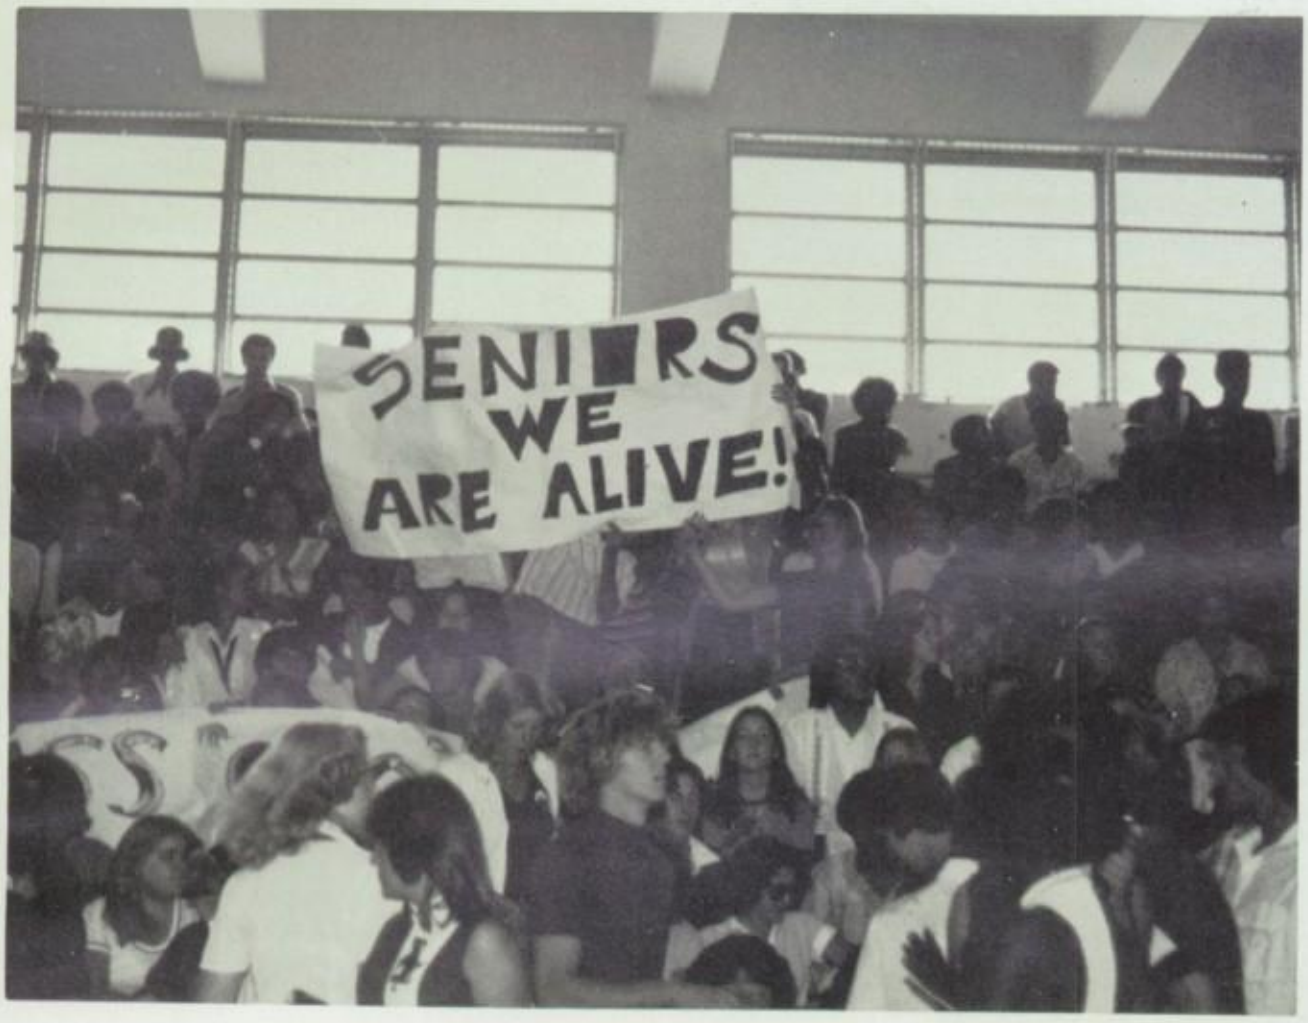
San Bernardino High School has it's own personality. The peaceful atmosphere made making friends an easy affair, and friendship was the biggest Cardinal treasure of all Assemblies and rallies are popular ways of bringing the people of S.B.S.H. together.

A classroom does not always have to be a place of hard work and boredom Students can make it a fun place to be.

Tomorrow's

Everyone looks for different ways to start a new day to ease the pain of yesterday struggles and to encourage tomorrows achievements.

There are different ways to change the lifestyle's. New people, new places, new friends, new jobs, new fashions, and new activities our life would be dull if it was not for our active students here at S.B.H.S.



Life Style..

School life can mean many hours of classroom discussions, homework, taking tests writing themes (getting them back and rewriting) and just plain hard work. Education is the environment: books, rooms, dedicated teachers, counselors, administrators, equipment, pen and pencil, which we manipulate that makes the differences. Each year as we progress, we look back for the source to pin our star on for today and plan for a better tomorrow. It will not be said of us, who was that person? We are not afraid to ask the questions, seek the answers, and finally put our whole self to the task . . . giving back a little for all that we received.

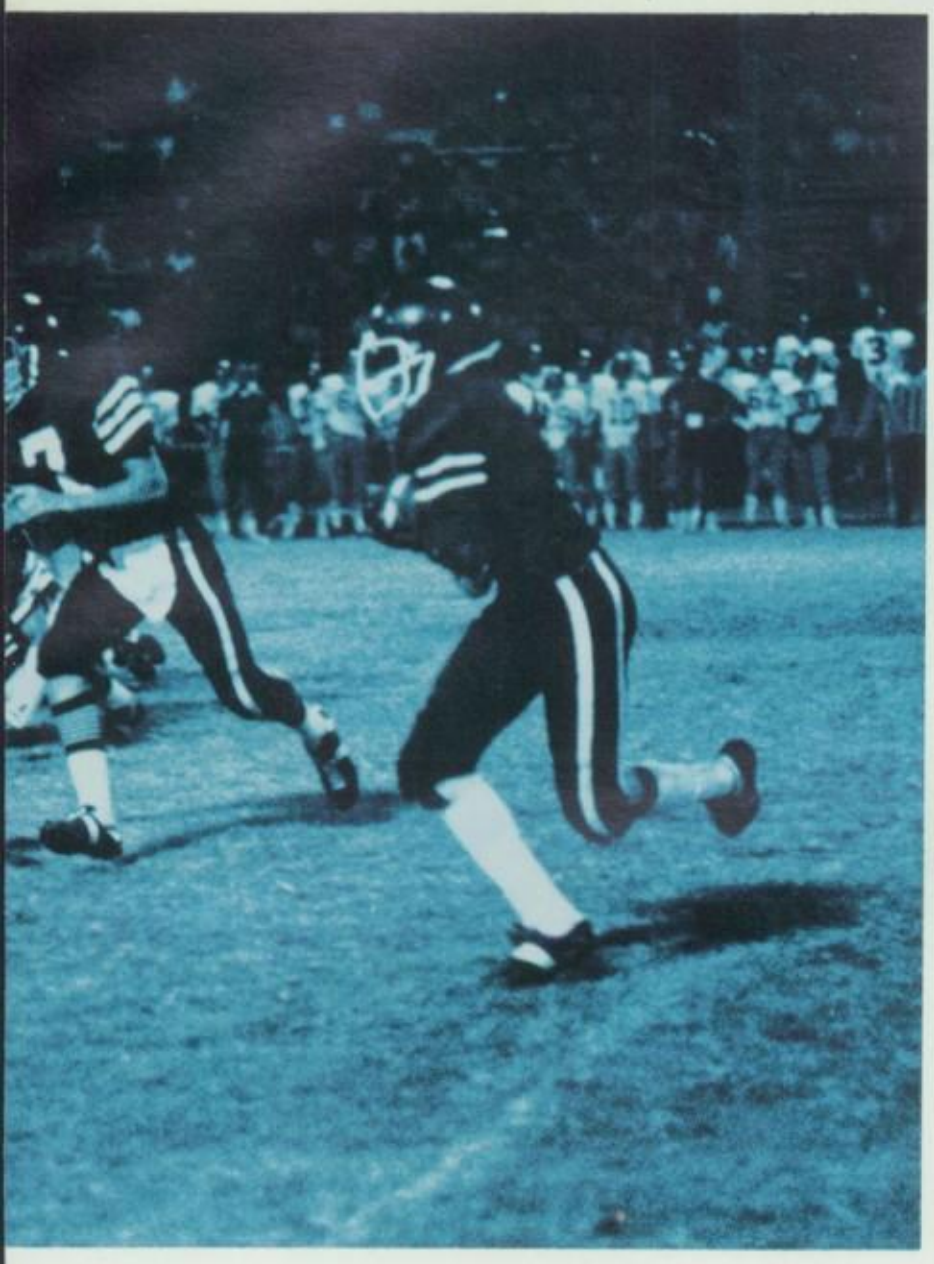
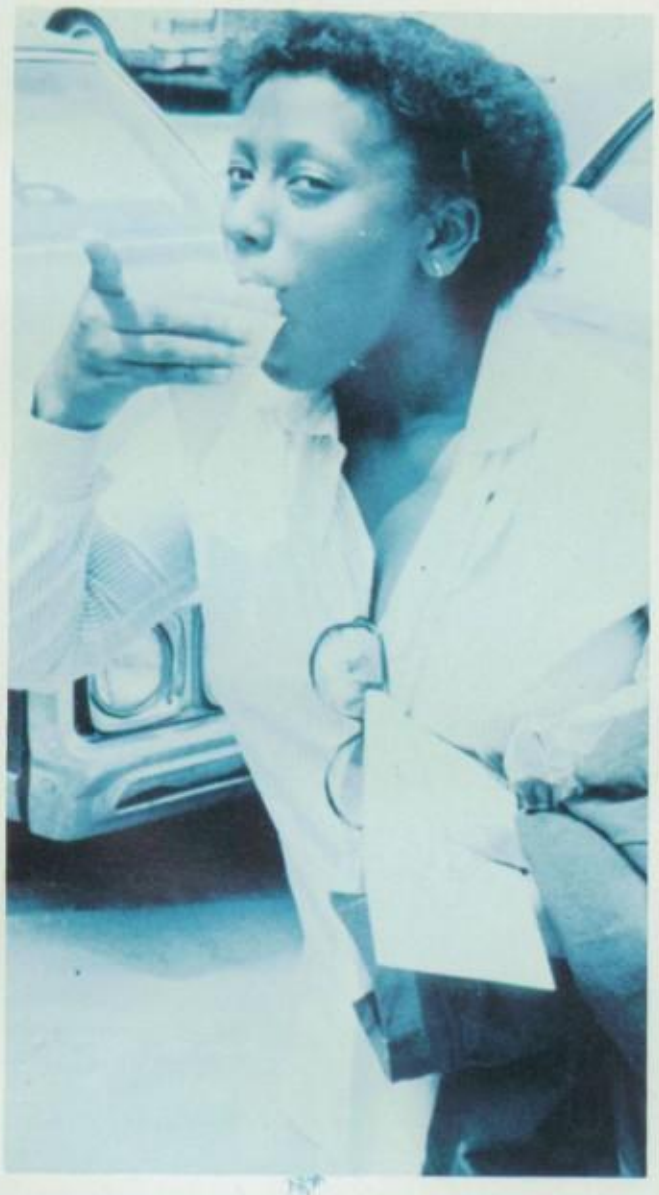
TODAY...



Today . . .

Today can either be exciting or rather ho hum! Students await to see what today will bring. For most people, the day is a scheduled habit. For others it is an opportunity to change their ways and attitudes towards school, life and friendships.

Today brings people that are in the working mood, or doing whatever they wanted to do, others serve the school and the community as well.



OTHERS...

"Others" seem to have their own world — Their own personal ways of life. Their are some who like to be alone, some who share their thoughts and feelings aloud to one person only. People sometimes wait to let it all out at rallies. Most like to share things as a group.

Whatever the occasion, it takes different people to make the atmosphere alive.

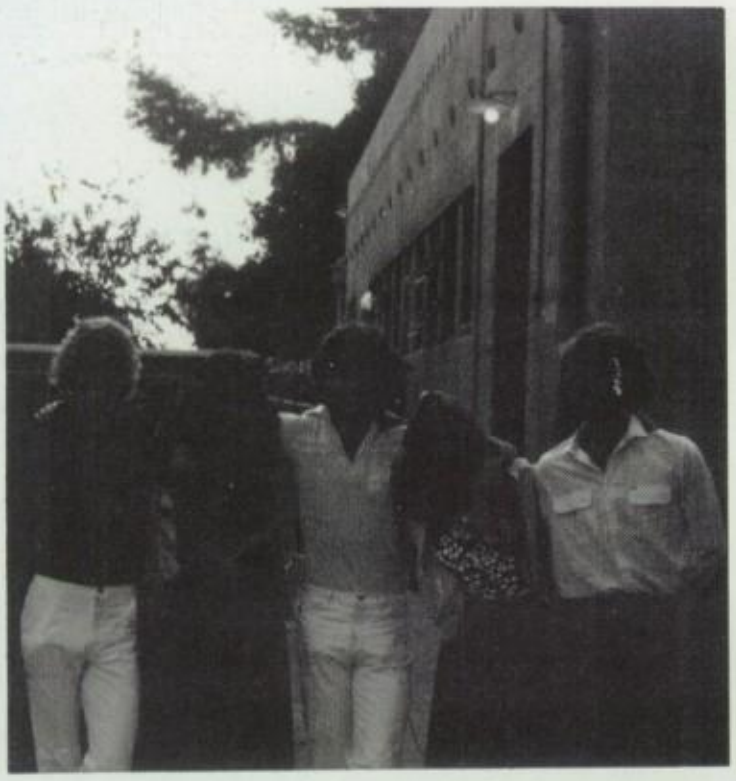
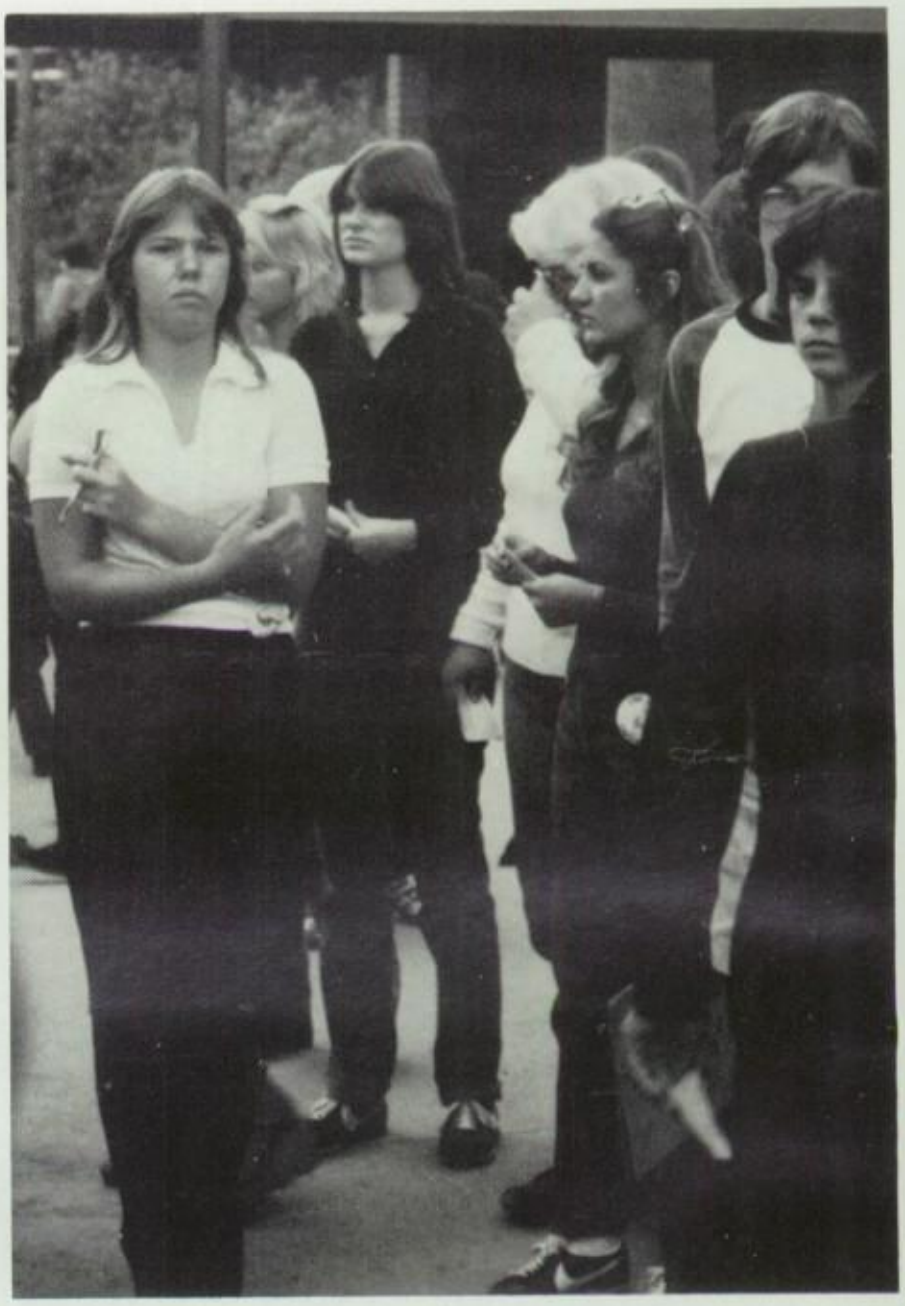
WE ARE ALIVE!

SOPHS. OF 1982
Year Of Th





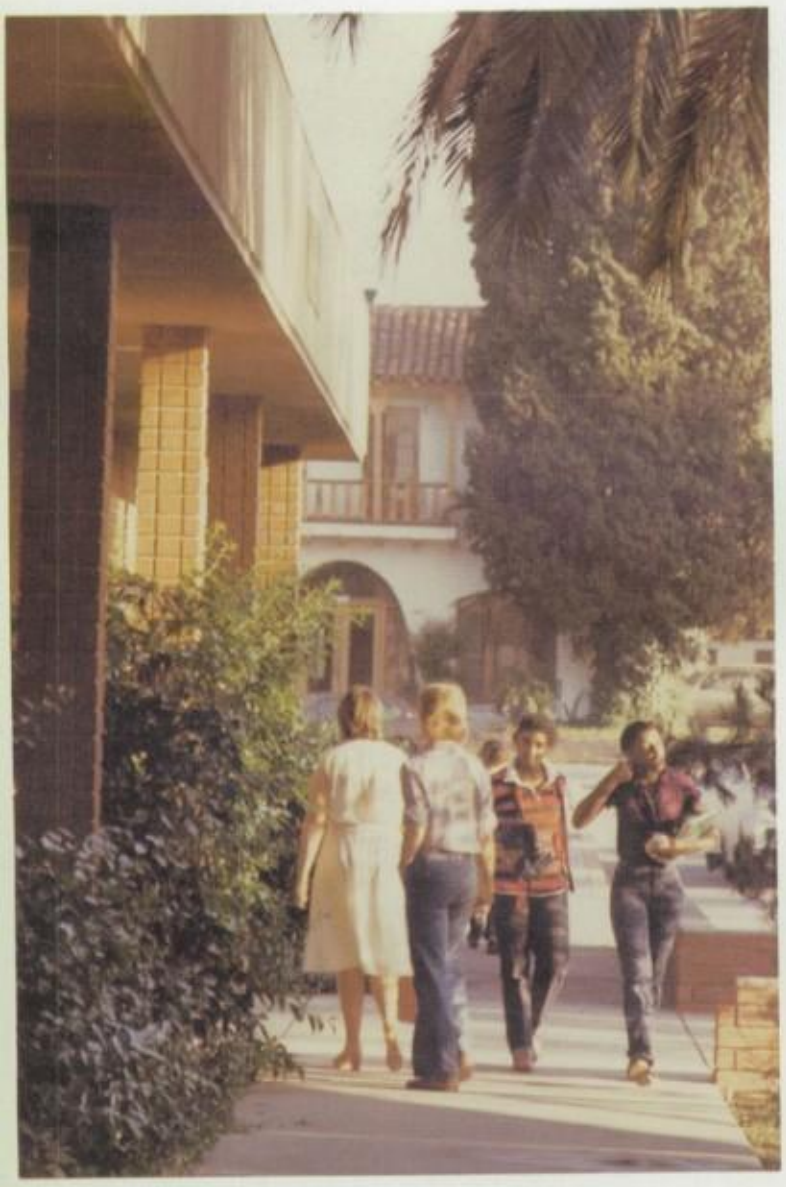
Spirit, Loyalty, Being...

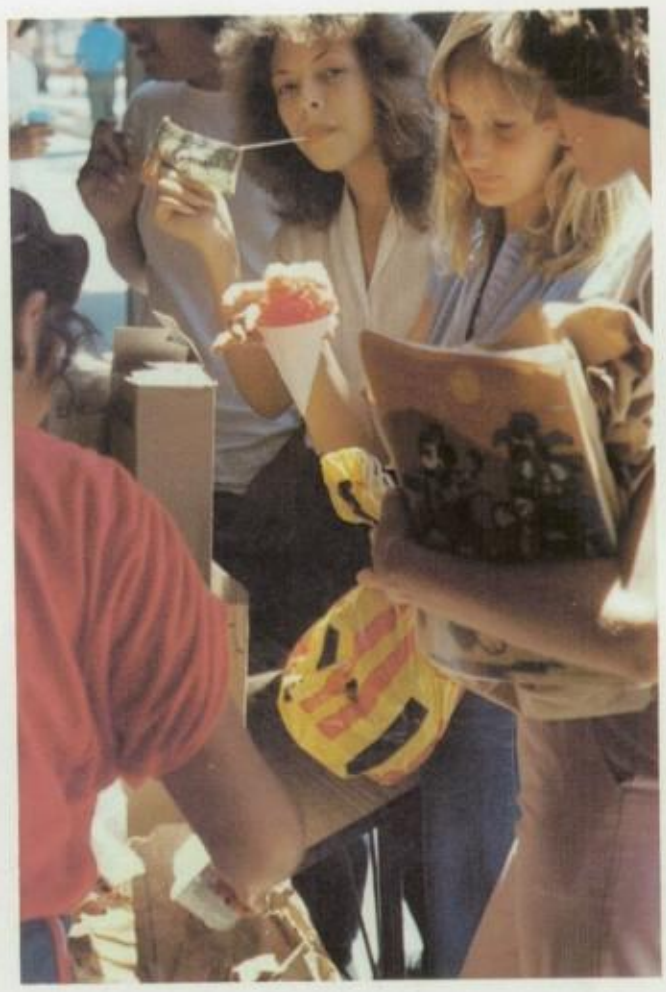
Spirit. Loyalty. Being

Spirit at San Bernardino High School seemed to have faded off as each day would go by. But there was always someone or something to strengthen our weak spirit and get it roaring again.

Loyalty has always been the highest quality here at SBHS. keeping friends. clubs. classes and teachers together.

Being yourself. not worrying what people would say — Being an individual was an important activity of the school and the students.





SENIORS

And as the sun sets, so ends our four years at SBHS. These years have brought many changes about us. The fun we had, the football games we won, as well as the several we lost, Friday and Saturday nights, parties, lunches, homework, suspensions. All the good and bad times we experienced, but now as we near the end of those years, we will soon begin a new experience, college, or whatever our dreams hold for us.

We will miss you SBHS, but the memories will never perish from our minds.

We love you Berdoo!

A WORD FROM THE JUNIOR CLASS PRESIDENT

Being Junior class President took a lot of hard work and responsibility. You are what makes the junior class tick! Not only do you have to raise spirit, but as juniors you are to plan the prom. To do so you have to raise money, money, and more money!

I have learned many things about people; how they function and how to make them function for you. The juniors had to work together, as any class does to get things done. There was a float to build, jackets, candy bars, mistletoe, and suckers that were sold, a pumpkin raffled off, and a Powderpuff game played. As the year progressed the junior class proved they could work together, efficiently.

The most fun — unfortunately, the most work — was planning the prom. Organization was the key. Jon Fenster, vice president, and Damon Rose, treasurer, were in charge of getting the band. Sally Ortega, social chairman, was in charge of the decorations. Jennie Bonney, secretary, was in charge of setting up the photographer. Everyone on the prom committee really worked hard. When the big evening came, everything turned out very beautifully. It was all over, but the memories will last a lifetime.

All in all, this has been a terrific year, one that I shall never forget. The learning experience was tremendous. I learned a lot about people and a lot about myself. So, if you thought the CLASS OF '81 was hot this year, just wait until next year!!!

ALWAYS THERE

Someday the sun may dim its shine,
And the rain may stop its fall.
But never will there be a day,
When you can't give me a call.

If ever you have a question,
And your answer you may doubt
Come to me on any day and
I'll help you work it out.

For I am your friend forever
And I hope that you are mine,
Because good friends never part
They just age like good wine.

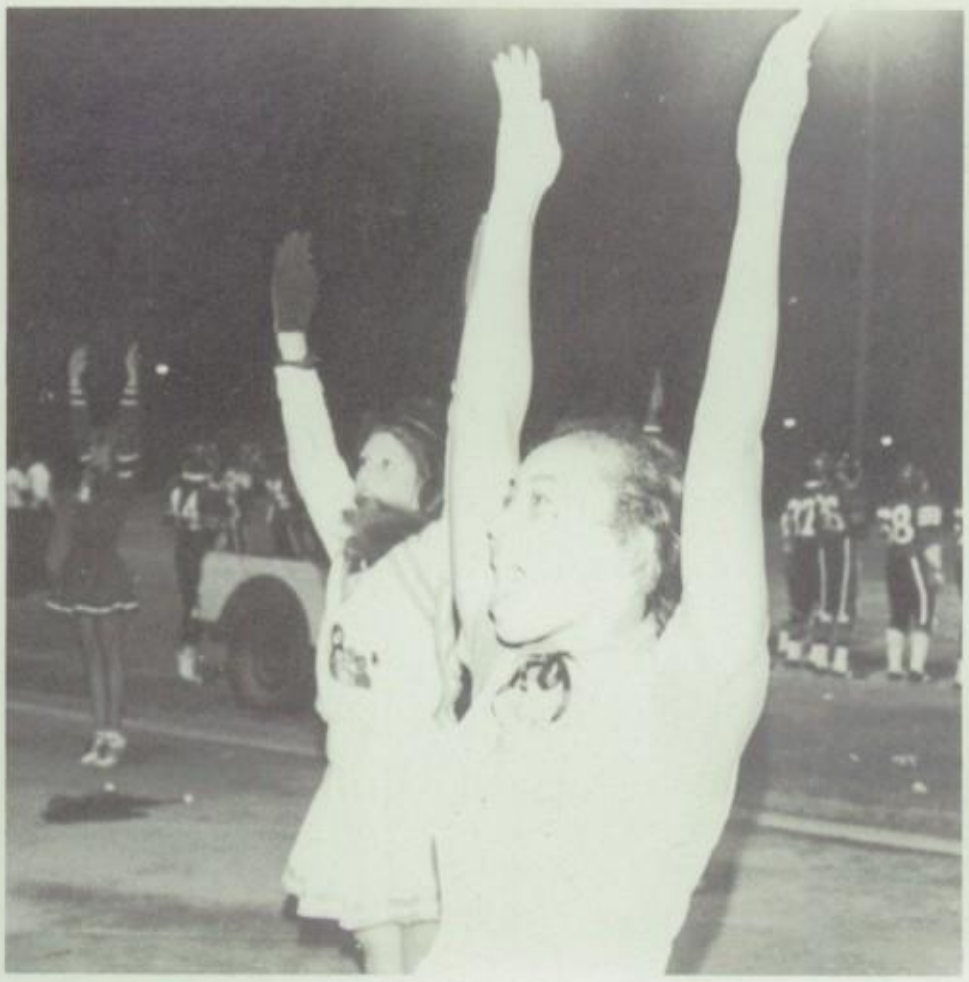
'81



WE'VE GOT SPIRIT . . .

YES WE DO!

Ah Rose, you look so cute!

Could they be the unknown juniors!

David shares his talent with everyone.

Lynn, don't you know batting your eyes is old?

Ooh Matt, why are you looking at Mary?! (We love ya Mary!)

JUNIORS '81

Junior love is a special love.

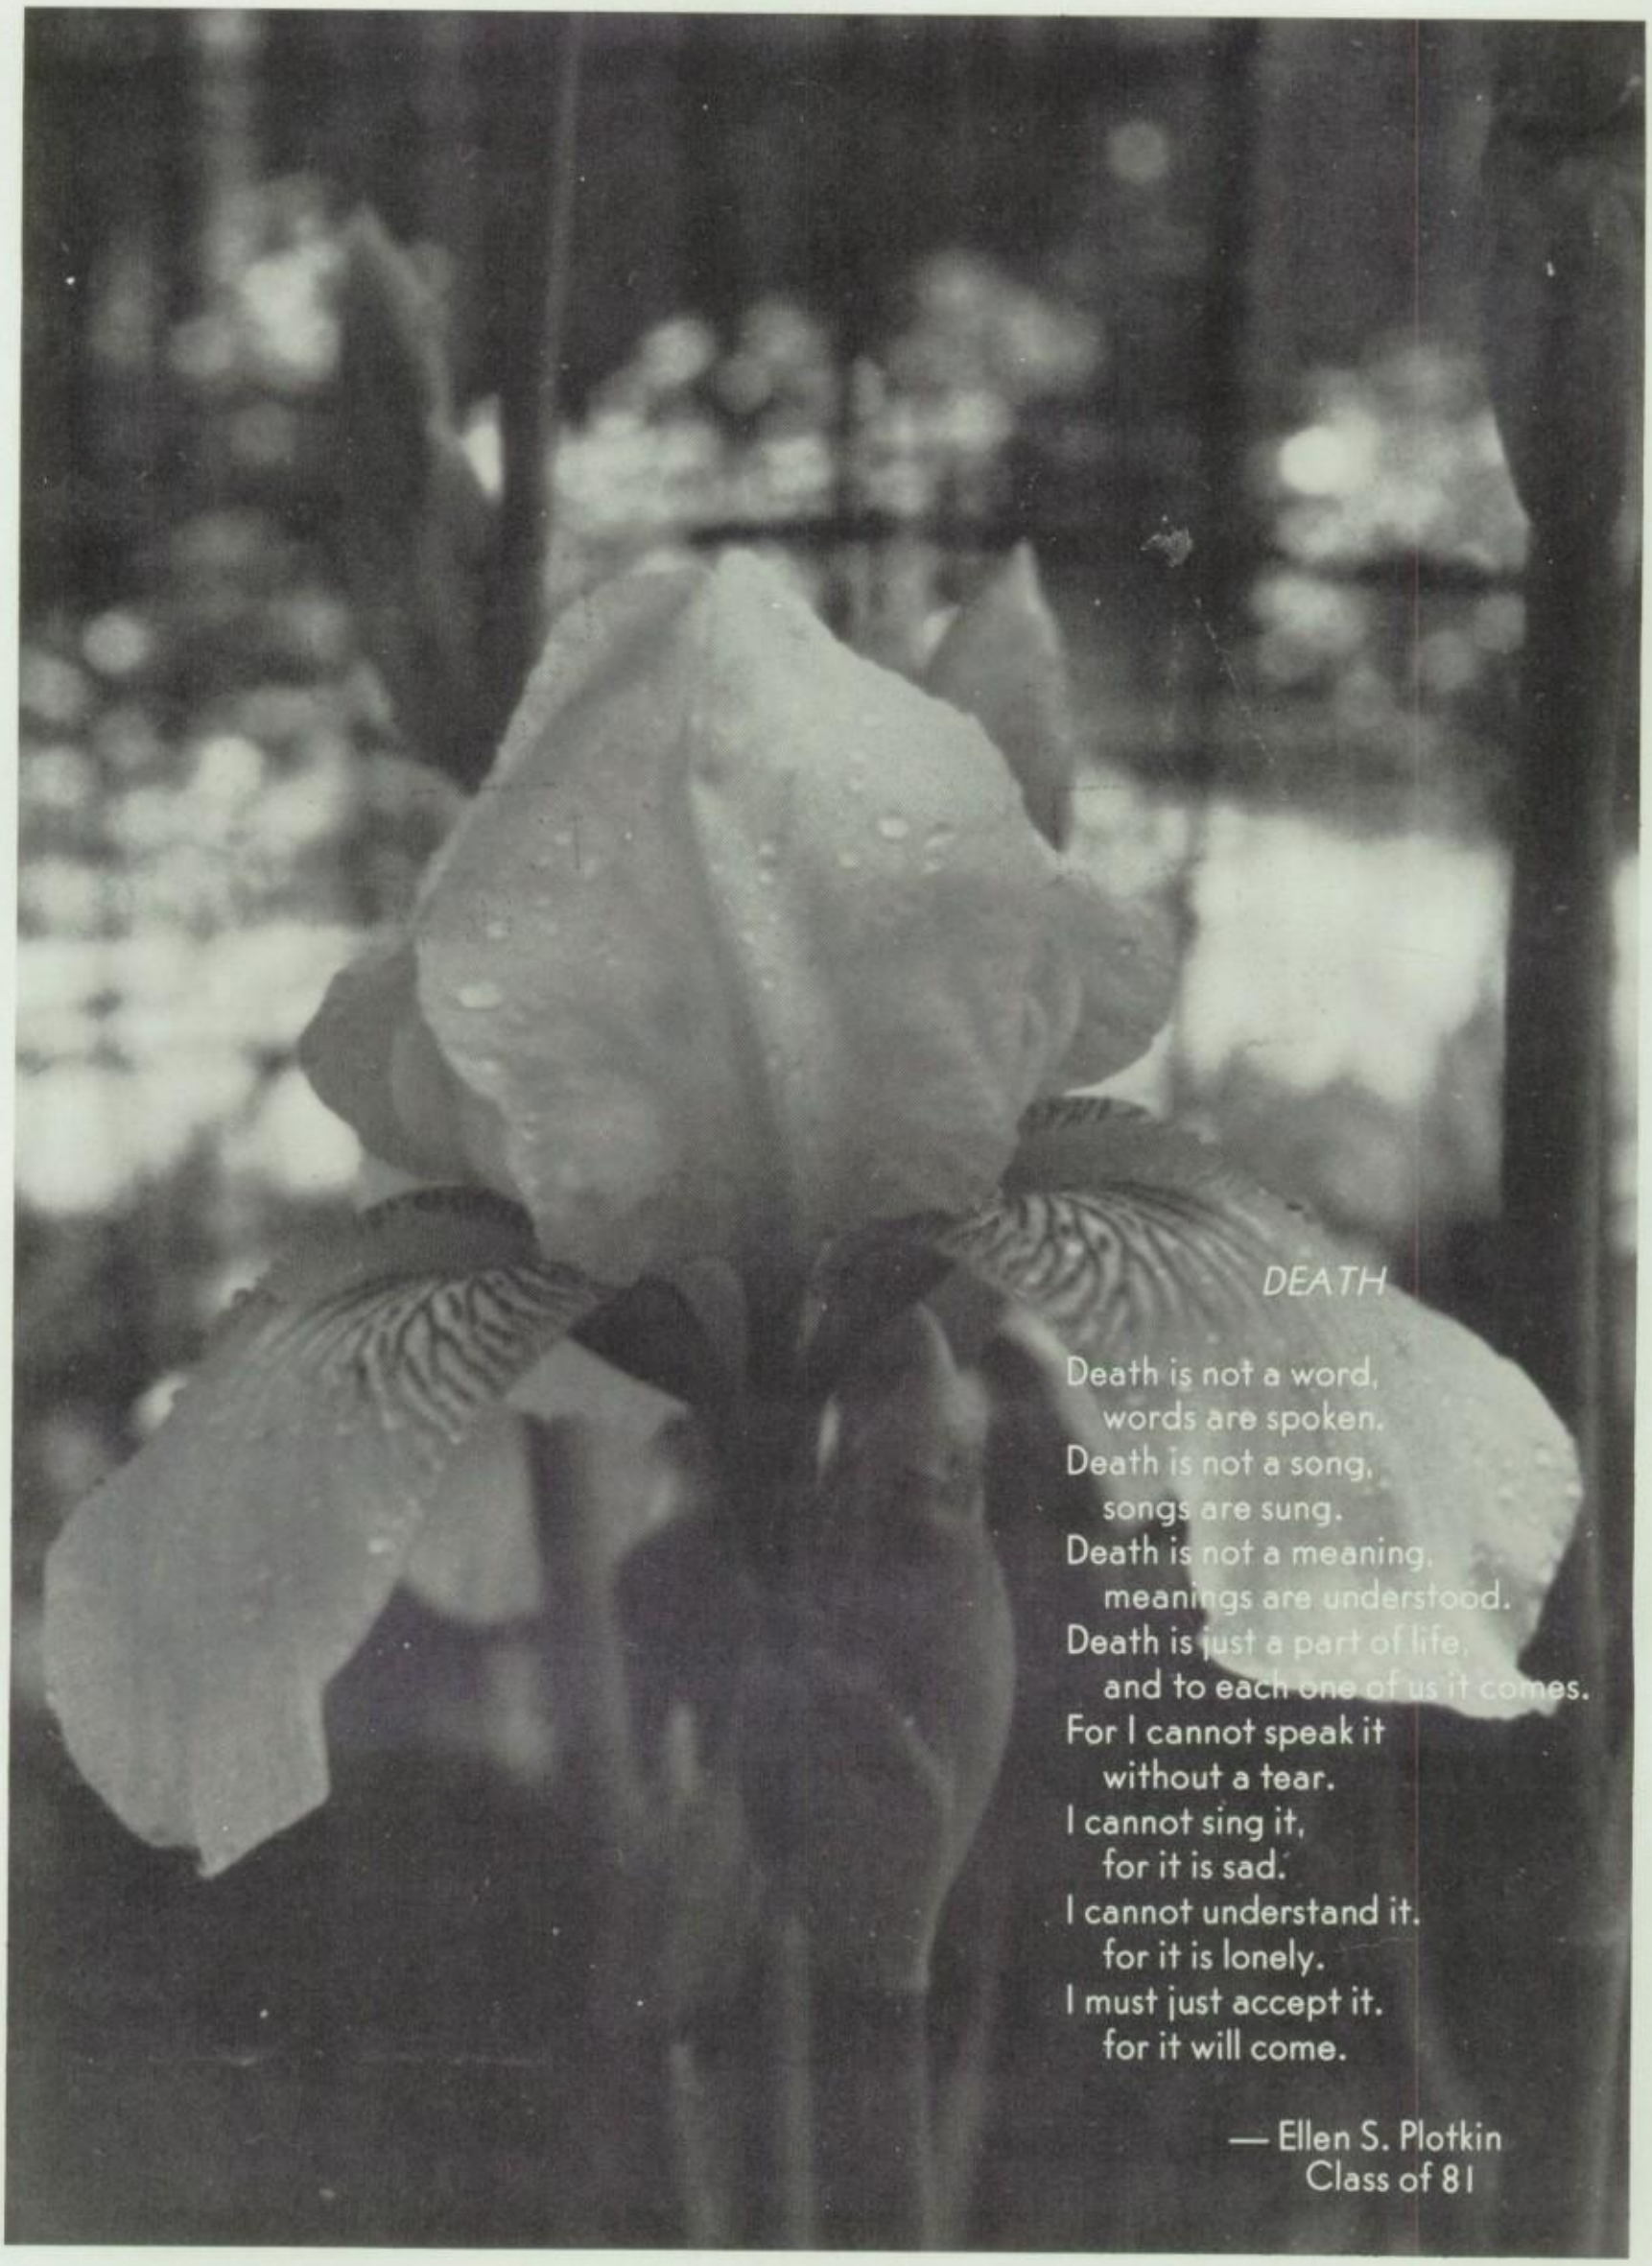
Richard, just keep on drumming.

WE ARE ALIVE

We juniors stick together!

Hey Tanya, the camera is over here!

That's it Virgil, just a hop, skip and a jump.



DEATH

Death is not a word,
words are spoken.
Death is not a song,
songs are sung.
Death is not a meaning,
meanings are understood.
Death is just a part of life,
and to each one of us it comes.
For I cannot speak it
without a tear.
I cannot sing it,
for it is sad.
I cannot understand it.
for it is lonely.
I must just accept it.
for it will come.

Sophomore Annual Speech

The Sophomore class of 1982 devoted itself to the winning spirit of San Bernardino High School. We took on new challenges with uniqueness and established ourselves as a unified class.

Our officers met a great challenge and accomplished their goals and objectives in fine fashion.

Sophomore Class of '82 are the trend setters for those that may follow. With the support of the class we will build the prestige, honor, and dignity of S.B.H.S. to its ultimate height.

ONE OF THE FINEST TEACHERS AT S.B.H.S.

MR. NORTON'S GOLDEN THROAT

Dedication

This year's annual is dedicated to a wonderful teacher; one who thoroughly enjoys the students of S.B.H.S., and who has been a regular on the S.B.H.S. scene for twelve years. He is Mr. Norton.

Born and raised in Pennsylvania, Mr. Norton attended Ellsworth High and Waynessburg College, from which he received his diplomas. He was in the Air Corps for two years, and spent one year in Germany. It was in Azusa that Mr. Norton received his Master's Degree. Before his career at S.B.H.S., Mr. Norton taught for two years at Pacific High School, and 12 years at Sturges J.H.S.

As as instructor at S.B.H.S., Mr. Norton has always taught English. In addition, he has coached football, baseball, and tennis for the school. This year, he coached the Girls' Varsity Softball Team, Girls' Varsity Tennis and was sponsor of the Class of '80 Girls' Powder Puff team.

Married to Rita Anne Weis, and father of four children, all of whom attended and graduated from SBHS, Mr. Norton says with pride, "I am glad that all my children shared these pleasant years on this campus. I have always said that our students are the best in the city. I will remember every one of them."

Mr. Norton is known as the Voice of Cardinal City, its Golden Throat. This nickname is well-deserved, for it is his voice that we hear announcing at the football and basketball games. Thank you for everything, and good luck in your endeavors, Mr. Norton!

Perhaps someday you will be the next Howard Cosell!

PRINCIPAL'S MESSAGE

Cardinal City citizens can look back on these past ten months with fondness and a sense of accomplishment. The happy activities have provided memories for years to come. New programs in learning and student behavior provided an opportunity for all Cardinals to achieve.

It is common to think of the future as that time when worries and problems will have been resolved. While our fondest wishes support that optimistic outlook, you will find that your high school years will remain in memories as the most cherished time of your life.

These are the "good ole days" of tomorrow!

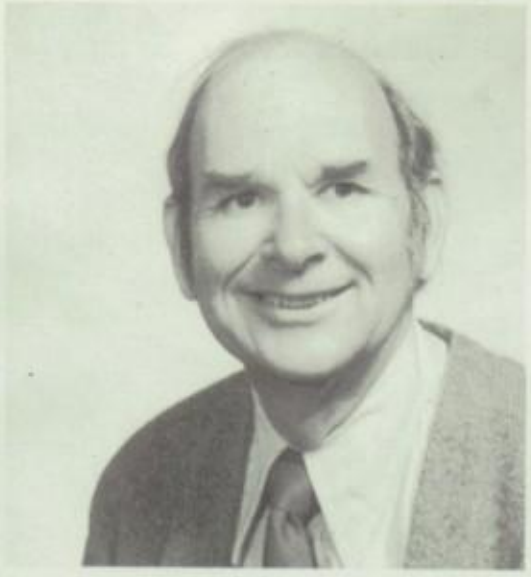
COUNSELORS



William Lilenthal
Head

We'd like to take the opportunity to introduce and recognize the counselors at S.B.H.S. as individuals and staff members.

Counselors are trained to work with students to help them find courses that the students will benefit from. The counselors must get to know the students so they are able to help the students better. If a problem arises concerning the students schedule, it is the counselors responsibility to take care of it.

A counselor may also be considered as a friend or a person there to talk to, listen to the problems of a student that may obstruct their thinking. Most cases a student's mind is at ease from the positive response given to them by the counselor.

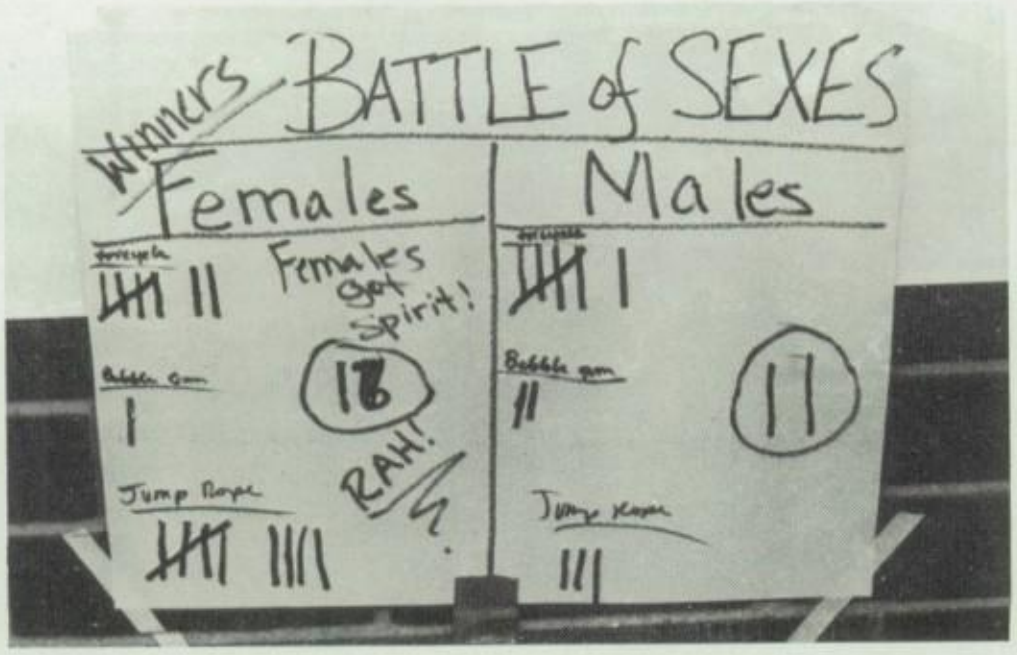
BATTLE OF SEXES



ACTIVITY

The Battle of Sexes is the yearly activity to see which sex dominate.

The whole purpose of this activity is to have fun, help lead spirit week and of course see which sex dominate our school. This year the Females showed the men that they dominate. The femals took over all the events.

The tricycle race was 7 to 6 females Bubble gum 1 to 2 male, but jump rope took the race 9 to 3 females. So they won 17 to 11. The females showed their spirit.

A deep Bottled up Feeling
The way I feel for you
is more than anyone
can think of.
The day we went our
separate ways.
I had this deep feeling
that we would meet
again.
But not just to say
hi and bye.
But to say something else.
Today is the day, but
now we're standing
waiting for the next move
Still there's that deep feeling
thats all bottled up,
inside the both of us.
Why can't that wall be moved.
Thats keeping us apart?
Keep your deep feeling because mine
will never leave

Homecoming '80

BASKETBALL HOMECOMING

On the night of January 31, 1980 the S.B.H.S. Basketball Homecoming had fun and elegance at the game, but we chose a queen and court for the evening. The candidates for queen were Yvette Ramirez, Sonia Hernandez, Effie Stamos, Lisa Ahlmeyer, Cookie McCoy, Carrie Holeman, Debbie Donaldson and Sandy Morley. We also had candidates for Junior Darling who were Missy Sanchez, Circe Sherman, and Brenda Catron. Sophomore Sweetheart Candidates were Nancie Hubert, Carol Cruz and Joana Johnson. Candidates for Freshmen Armorette were Michelle Diggs, Nancy Barela and Kim Hotchkiss. Immediately after the referee had announced half time, the candidates were introduced to the student body by the Master of Ceremony, Albert Gomez. As the excitement arose to determine the winners by Albert Gomez as he had the following announcements who were to become the finalist for the Basketball Homecoming Queen for 1979/1980. Our Freshmen Amorrette was Michelle Diggs escorted by James Stamps, Sophomore Sweetheart was Nancie Hubert escorted by Robert Katch, Junior Darling was Missy Sanchez escorted by Arnold Martinez. The moment that everyone has waited for has arrived. We then began with our second princess Effie Stamos who was escorted by Kendall Struness. Following by our first princess Sonia Hernandez who was escorted by Armando Leon. Finally the Basketball Homecoming Queen was Announced Yvette Ramirez who was escorted by her father, Mr. Brown. So our evening ended with tears of joy from our 1980 Queen and her Court.

And Only I Listen

I sit and I listen
The speaker sputters and cracks,
I adjust the set and turn the dial
Nothing and Something
Faintly, the noise of the world.
Far off, lighting strikes and I can hear it
On the far side of the globe.
Quiet and powerful.
The wind from the sun, the sound of a flare.
Particals strike the earth, and make a sound.
Atom glow adds its voice
What I never heard before.
The radiation
of the final bomb
of the final war.
Something.
It is also quiet.
No static from a passing car,
or of a Blender,
no static.
No voices are on the air.
The stations of earth are still.
Nothing remains.
Nothing.

I m in my basement, the one of stone.
Above the ground, nothing remains.
And no one.
I am alone.

The radio quietly whispers.
I have never heard it this quiet.
I listen and nature speaks, a lonely quiet hiss.
It reminds me that I am alone.
It whispers, "Nothing".

Atom aglow in my veins.
Soon I will go.
The quiet hiss of the radio goes on.
And I say,
"My God, help me!
I'm so . . . alone."
And then I pass,
and the world is again
Alone.

Back Row: Bessine Littlefield (Band), Robert Schrader (Good News Club), Sven Rose (I.C.C.).

Inter Club Council is when all club presidents meet with a member of Cardinal City's Student Council. This member, Sven Rose, informs the club president of the happenings in council, which they are affected by. In return the club president can voice their opinions and any suggestions they might have. This is a good example of Student Council's efforts to keep communication flowing through some of the citizens of Cardinal City.

ANGELA WILSDON

I feel very priveleged to have been a Cardinal this year as well as a Californian. To participate in the rallies, clubs, football games, and many other actvities has been an experience that I will never forget. Take the opportunities that you have, get involved in sports and clubs, you will miss them when you no longer have the chance.

My year with you has brought upon me many realizations. I found out that school is not just a place to broadened your academic fields, but also a place to expand yourself socially, and have a lot of fun besides! I had, of course read there were many different cultures in the world, but this was my first opportunity to associate with people from diferent backgrounds. My outlook on life has broadened considerably.

I will never forget the year that I spent at Cardinal City. Halloween, Powder-Puff, Donut-runs, I never dreamed school could be so much fun! My only regret is that is passed too quickly. Thank you all for making me feel so welcome and making my stay here so enjoyable. I hope that future cardinals will be as warm and friendly as the current ones.

1ST WITH EDDIE LOPEZ — 1ST IN STATE-WRESTLING CHAMP!

ATHLETE OF THE YEAR 1980

Eddie Lopez, a member of the graduating class of 1980, took his wrestling talent to the CIF competition and became the first state champion in wrestling in SBHS's history.

Eddie's interest in sport dates from an early age. At the age of seven, Eddie began his wrestling career in the YMCA, AAU program. By the time he reached the age of nine, he had attained the blue belt in judo.

When Eddie turned fourteen, he began his high school wrestling career and education, just on his way to becoming one of the area's finest high school wrestlers.

In his freshman year, 1976-77, SBHS was competing in the IVY league, and Eddie fought his way up to become IVY champion and wrestled in his first CIF competition.

Though SBHS transferred to the CBL league for the 1977-78 school, it did not seem to bother sophomore Eddie Lopez, as he became CBL champion and wrestled, again, in the CIF competition.

In his junior year, SBHS transferred back into the IVY league, and Eddie, again, became IVY champion. This time when Eddie wrestled in the CIF competition, he placed third in CIF and fifth in the state.

As a senior, during this past 1979-80 school year, Eddie achieved his high school wrestling goal. Transferring back into the CBL competition, he once again was CBL champion, and this time CIF and state champion in the 154 lbs. class.

Although wrestling seems to be in Eddie's blood and heart, during the off season he has extra energy and needs to release it. He chose to play football and run track for two years. Both years he received a varsity letter in each of these sports.

What can the students and the faculty at SBHS say to someone who has given this school a "good" name? How about "Thank-you Eddie Lopez, and good luck."

"A DREAM COME TRUE"

The night of May tenth was a dream fulfilled for everybody who attended the Junior Senior Prom at the Biltmore Hotel in Los Angeles. The evening began in the Colonnade Room for a lovely reception where all the dates gathered for hors d'ouevers and soft drinks. At eight o'clock the maitre d' opened the doors to the Crystal Ball Room and the couples took their seats at the round talbes around the room. Next the waiters served the fabulous dinner of Roast Top Sirloin which was accompanied by the famous Biltmore salad stuffed baked potatoes, string beans amandine, tomato parmeson, and for dessert was Bombe Cappueini, which was out of this world!

As the dessert was being served, '88' began to play and the couples started to dance. They danced and danced. Some walked into the gold balconies, and watched the scene below. The reflection of the two beautiful chandiliers on all the young men and women in formals and tuxedos, plus the sounds of '88' put them in owe. It was a sight they will never forget.

In the Colonnade Room David Greenburg was taking pictures of all the couples and the couples could wander into this room and have soft drinks. They could also wander into the main gallery.

In the Crystal Ball Room the couples danced to the music of '88' until one o'clock. The girls took the last smell of the roses and all the couples took a last glance at the wonder of the rooms they had just spent a most memorable time in. They kept their favors of wine glasses and programs and walked to their cars in Pushing Square Gardens across the street. The rest of the night was theirs to dream of the things to come, but the dream of the 1980 Prom has already come true.

EDITORS CLOSING WORDS

This year I am very proud to be the Editor-in-Chief of The 1979-80 Tryo Yearbook.

Our Motto was, to show the whole student body!

We set many goals

1. to put together the best yearbook that you've ever seen.
2. To show everybody at least once in the book.
3. To meet all of our deadlines.

Some of our experiences included learning how to cope with each other during our daily school work, as well as on deadlines, selling of the ads, learning new words, making ladders, and having the fun of making Quad-Paks.

Everyone in this class learned and grew together as one. It's opened up answers to a lot of questions.

Through our ups & down, we live to meet our goal, which we set out to do.

Thank you *STAFF* for putting up with me.

Thank you to the staff and the student body.
